No information regarding the perpetrators of this offence has yet been received although every effort has been made by the Chinese staff to obtain same. This case is of such a nature that information through usual channels is unlikely.

As far as can be ascertained the Japanese Military Authorities are also without information on the matter.

In view of the negative results so far obtained and the lack of anything upon which further lines of enquiry might be based, I respectfully submit the case for classification and filing to which and I attach herewith a resume of the case and my Final Report.

Brief details of bombing of
Grantown Ballroom, 7.3.1942.

At 8.45.p.m. on 7.3.1942 a report was received at this station to the effect that a bomb had been thrown in the Grantown Ballroom, 33 Ningpo Road.

A Police party immediately responded and were augmented by Japanese Gendarmes and Naval Landing Party details.

It was found that an explosion had taken place in the west side of the ballroom and that 2 Japanese and 16 Chinese had been injured. Of this number one Chinese (a member of the serving staff) succumbed to his injuries.

450 persons, Japanese Foreign and Chinese, were brought to station and were interrogated by Police and Military but no useful information could be obtained and these persons were released.

The damage to the ballroom was extensive but careful search failed to discover the form of explosive used. None of the injured persons had abrasion wounds which suggests that the bomb was made of some powerful blasting composition and contained in possibly a glass or similar container.

This outrage was not preceded by any threats and there are reasons to suspect that the bombing was aimed at to enforce already communicated demands. It is therefore assumed that the bombing was committed by the same.

A reward of \$500.00 has been offered for information leading to the arrest of the parties concerned. (Reward Notice No. 1088).

The ballroom re-opened to business on the 4.4.1941 and precautions are being taken by Police to prevent a recurrence of the incident.

I am a secretary employed by the Reserve Board of the Shanghai Native Bank Guild situated at Lane 437, No.6 Szechuen Road(The Reserve Board was established on the approval of the Asia Development Bureau).

At 8p.m. on 7-3-42, I went to the Asia Development Restaurant to take my dinner where I learned that my friend named Ling Hong Nee who is a clerk employed the Land Tax Bureau of the Shanghai City Government, had requested me to see him at the Grantown Ballroom on Ningpo Road near Kiangee Road.

After taking my dinner at about 8.20p.m. I left the Asia Development Restaurant, 813 North Szechuen Road and proceeded to the above ballroom. I entered the ballroom via the right door and therein I found Ling Hong Nee. We sat by a table at the middle of the right side(west) of the dance floor. It was at about 8.40p.m. when a bomb exploded at my right side, about 3 or 4 yards away resulting in my head and feet being injured. I was later conveyed by ambulance to the Lester Chinese Hospital together with 4 others, one of whom died as a result of severe injuries while another one had already been discharged from the hospital. I and Tsau Zai Ming were discharged from hospital today. At present there is only one injured man detained in hospital. I have recovered after 9 days treatment in the hospital.

Station Office.

On the afternoon of the 12.3.1942 instructions were received from the Japanese Government to the effect that the suspects detained at station be released but that those residing in the new blockaded area be returned to their respective homes within the blockade. 108 persons (37 males and 71 females) were at that time in Police custody and of these 107 resided outside the blockade and were, after strong caution and warning, released at 3.15.p.m. 10.3.1942. The remaining male Chinese residing at 24 Ningpo Road was later escorted to and placed within the barricades.

A detailed list is being prepared showing full particulars of all arrested persons and their disposal and this will be submitted in due course.

In Diary 10.3 it was incorrectly reported that four suspects had been released by D.I. [illegible] upon the guarantee of one Tsang Lee Fung. It has since been ascertained that the release was authorized by Major Sakita, Japanese Military Special Section, 6 Great Western Road.

Further report will be submitted.

The scene of the bombing at 33 Ningpo Road has been photographed by D.S.Knowles, F.P.Bureau and these photographs have already been submitted.

On the morning of the 8.3.1942 an examination was made of the scene but no bomb fragments could be found. D.I.Ewins assisted in this search. As far as can be ascertained none of the injured persons had any bomb fragments in their wounds and, as none have been found at scene of crime, it is thought possible that the explosives were contained in some easily destroyed or combustible container or in glass.

On the morning of the 9.3.1942 the Japanese Gendarmerie submitted to station a chair cover containing glass particles and a small quantity of black powderlike substance. This was part of the substance obtained from the floor of the cabaret during examination and request was made for same to be analysed. Immediate report was made to D.O."A" Division and with his written authority the substance was handed over to the Chief Analyst at 3.00 p.m. 9.3.1942.

On the afternoon of 9.3.1942 Yee Sang, 25, Chaiyang, Clerk of the Customs Hallway, who had been detained in Lanter Chinese Hospital suffering from

head injuries, was released and later brought to station by C.D.C.101. As the staff of the ballroom have been handed over to the Gendarmerie on 7.3.1942 and their ultimate disposal is unknown, this man is being held at station pending further directions as to his disposal. Enquiries by D.S.I. Guess failed in any way to connect him with bombing he claiming that at the time of the bombing he was attending to his duties as cashier and was sitting together with the accountant at their desk at the South west corner of the cabaret.

Statements have been taken from C.D.C.10, C.P.Cs 57, 2389 and 3137 and copies of these in English and Chinese have already been handed to D.I. Mitsushima for information.

On 9.3.1942 8 Ming Tsh (史明德), Tsang Xue Foo (張有富), Li Hyih Fong (李介芳) and Wu Chang Co (吳金傑) all employees of the Hung Dah Kiang Iron Works, 330 Kiangsoo Road, were released by D.I. Mitsushima upon guarantee of Tsang Lee Fong (張達飭), No. 8 Pao Tsang, 33 Tientsin Road.

209 persons residing in the vicinity of the scene of crime were, on 8.3.1942, escorted to their

homes by order of the Japanese Gendarmerie.

The taxi dancers and patrons of the cabaret are still detained at station pending completion of their interrogation by the Gendarmerie.

The area bounded by Hanking - Szechuen -eking and Kiangso Roads is still barricaded.

Further report in due course.

I was detailed for duty from 5.p.m. until 10.p.m.
7.3.1942 at the Grantown Cabaret, 33 Kingsp Road.

There are two entrances to the dance floor and at about 8.40.p.m. whilst I was standing inside the entrance on the East side I heard the sound of an explosion which occurred on the West side. All the occupants started to rush out of the two doors and I immediately left the hall and proceeded to the foyer to telephone but found that the receivers were hanging down, either in use or broken. I then ran downstairs to use an outside telephone but on arrival at the main entrance was stopped by members of the Japanese Naval Landing Party who had cordoned the roadway. I returned to the 2nd. floor of the building and telephoned to station from the billiard room.

During the time I was on duty in the hall I saw no suspicious persons enter nor did I see anyone carrying a parcel.

I relieve C.D.C.39 at 8.00.p.m. and after that time only left the dance floor to relieve nature.

The above statement is true.

On 7.3.1942 I was on 2nd Day duty and was posted to the main entrance of the Grantown Ballroom between 7.p.m. and 11.p.m. C.P.Cs 57 and 2389 were posted to the 1st floor.

At 8.40.p.m. I was standing on the pavement outside the cabaret when I heard a loud report which obviously originated in the ballroom vicinity. A J.H.L.P. patrol had just passed along Ningpo Road from West to East and were about 10 yards East of the cabaret entrance when the explosion occurred. They immediately fixed bayonets and formed a cordon around the exit. At the same time many people rushed downstairs from the ballroom apparently intending to escape from the building so I shut the doors and kept them inside.

C.P.Cs 1233 (Ningpo Road patrol) and C.P.Cs 2675 (Ningpo-Kiangso Traffic) ran to my assistance and took over the guard on the door whilst I ran to the Dong Woo Lee ~~off~~ Ningpo Road where I borrowed a telephone and reported to station.

Shortly afterwards a party of Police arrived and took charge.

During the time I was on duty I saw no suspicious persons enter the building nor did I see anyone carrying any suspicious parcels.

This statement is true.

Addendum. As I was returning from telephoning I met C.P.C.2389 and told him that I had reported the matter to station and he then returned with me.

On Saturday the 7th. March I was on 2nd day duty and between 7.p.m. and 11.p.m. was posted to the Grantown Ballroom, 33 Hingpo Road. I, together with C.P.C.2389 was posted to the foyer outside the ballroom on the 1st. floor.

During the time I was on duty I did not see anyone enter the cabaret with any parcels, of any description, most of the people leaving their coats etc. in the cloakroom which adjoins the foyer.

At 8.40.p.m. I heard a loud explosion in the ballroom and, together with C.P.C.2389, drew my pistol with the intention of stopping anyone leaving the dance floor but there was such a rush that I was unable to prevent the guests and girls from entering the foyer. C.P.C.2389 ran downstairs to use the telephone whilst I guarded next to the cigarette counter there being an exit by which persons could proceed to the upper floors. Such was the crowd that I was unable to see clearly what was going on but I saw two injured people carried out of the ballroom and placed near me on the cigarette counter.

Shortly afterwards the station police party arrived and took over enquiries. During the time I was on duty I saw many persons arrive and leave the premises but I cannot recall any particular party nor did I see anything or person which made me suspicious.

I was on second day duty on Saturday the 7.3.1942 and between 7.00.p.m. and 11.p.m. was posted to the Grantown Ballroom, 33 Ningpo Road. I was posted in the foyer on the 1st.floor whilst C. .C.57 was with me and C. .C.3137 at the main entrance on Ningpo Road.

At 8.40.p.m. an explosion occurred. At that time I was standing in the foyer near the west side entrance to the ballroom. I immediately drew my pistol and at that moment many people both patrons and dance girls rushed out of the dance floor crowded into the foyer, screaming and shouting. Although there are two telephones in the foyer it was impossible to use these and I ran downstairs to C.P.C.3137 with the intention of using an outside telephone. C.P.C.3137 told me that he had already reported to station and I therefore remained with him guarding the main exit. At that time I saw Japanese marines guarding the roadway outside the ballroom.

I did not see anyone enter the ballroom with a parcel but when I arrived on duty the cabaret had already been open since noon. I did not enter the actual ballroom my duty being to remain in the foyer.

I cannot recall having seen any Chinese or Koreans leave the hall immediately prior to the explosion but, during the time I was on duty, many people arrived and left. I can throw no light on the bombing or the possible identity of the responsible parties.

At 8.45.p.m. on 7.3.1942 C.D.I. 3137 telephoned to station to the effect that a bomb had been thrown at the Wei Kong (偉高) (Grantown) Ballroom, 33 Ningpo Road. Station alarm bells were rung and a party of police under C.D.I. Boddy immediately responded.

On arrival at the scene of the bombing it was found that the premises were already under guard of the Japanese Naval Landing Party and it was later ascertained that at precisely the time the explosion occurred a Naval Landing patrol was passing the ballroom and, upon hearing the report immediately took precautions.

It was found that an explosion causing extensive damage and several injuries had occurred on the west side of the ballroom just off the dance floor. Several persons were found to be suffering from injuries, three obviously very serious. A fire had followed the explosion and, although this had been extinguished by members of the ballroom staff and orchestra, the S.F. Brigade and Emergency Ambulances were called.

All persons found in the ballroom were held and after all had been removed from the premises were, by arrangement between C.D.I. Boddy, C.D.I. Stenhouse and Lieut. Tanaka (acting in charge of the J.N.L.P. Detachment, brought to station.

As a result of lengthy enquiries the following brief details of the affair are known:-

The cabaret which is Chinese owned and is managed by Wong Liang Fah opened for business at noon on 7.3.1942. C.D.S.39 and C.D.C.10 were detailed for observation duty and at the time of the outrage C.D.C. 10 and C.P.Cs 57, 2389 and 3137 were on duty, the C.D.C. in the ballroom and the C.P.Cs outside.

The ballroom was unusually well attended on the evening of the 7.3.1942 and in response to a special request the band had just started to play and had been playing for perhaps 2 or 3 minutes allowing for about 30 to 40 couples to arrive on the dance floor, when there was a brilliant flash and loud report from the west side of the room, midway between the band and exits. The explosion caused considerable damage and, owing to heavy smoke and dust, the assembly was enveloped in a mist. Interrogation tends to show that the seat of the

explosion was near the settee or between the settee and a table and that same was first seen near the floor, rising upwards. Although it is possible that the bomb was thrown it appears more likely that same was hidden under or near the settee. The damage done suggests that the bomb was of considerable size and/or power.

Persons sitting and dancing near the seat of the explosion were thrown to the floor and such was the blast that instruments were knocked from the hands of the musicians. Although some parties stated that the report accompanying the explosion was very loud others stated that it appeared somewhat muffled. In this connection it must be noted that the ceiling of this room is unusually low and this, together with the fact that the hall was crowded and the band was playing, would tend to lessen the noise whilst increasing the effect. Immediately after the explosion panic ensued. Patrons, taxi dancers and male staff immediately attempted to leave the hall by the two normal exits on the north end and by emergency exits at the south end. In the south-east corner of the room there was a window, boarded up with ply wood. This was smashed and some persons left by this avenue. It is known that three teenagers and one

taxi dancer left by this means but the girl and one boy have since been detained by police.

C.D.C. 10, on duty in the ballroom stated that he saw no one enter with any parcel but at 8.40 p.m. was sitting at the north-east corner of the floor near the door. The dance floor was well covered when the explosion occurred and everyone appeared to rush for the exits. He attempted to make report to station but as the telephone has an extension which was then in use he was unable to make direct contact and was about to leave the building when the J.N.L.P. patrol and he was held inside.

By arrangements between police, Lieut. Tomita and Special Sargt-Major Sudo of the Gendarmerie all the patrons and staff of the ballroom and all persons found in the surrounding buildings were brought to station for further interrogation. These totalled 40 Japanese (male & female), 8 foreigners (orchestra) 72 Dance girls, 151 male Chinese, 79 Chinese females and 58 children, 38 male Chinese (staff of ballroom) ⁴⁴³ a total of 434. Interrogation of these persons was undertaken by all staff assisted by Japanese detectives from Special Branch but, so far, no light has been thrown on the affair.

Upon completion of station interrogation all Japanese subjects, the male staff of the ballroom and the orchestra were handed over to the Japanese Gendarmerie together with one female and three male Chinese connected with the Gendarmerie and City Government. The remainder of the detained persons are held at station pending further instructions as to their disposal.

As a result of above enquiries it is learned that No.8 teenboy, Toong Kung Zieng, now deceased, was in attendance at the tables nearest the seat of the explosion. No.11 boy Foo Tsai Kung (傅再根) and No. 10 boy Bah Vong Zieng (白凤祥) who were also serving in that section stated that there were two male Chinese sitting at a table but that when the music started they proceeded onto the dance floor. These two boys were carefully escorted around all the suspects both Japanese and Chinese but were unable to identify the persons referred to by them. It is possible that these two did leave the ballroom but it is also possible that the two patrons were Japanese and are the two now detained seriously injured in Floating Hospital.

Soh Kyn Tsang (石景章), Zee Ts Teh (徐志德) and Loh Yeh Kyi (陆学义) claim to have been sitting

very near the dance floor directly in front of the table and settee, suspected seat of explosion. All three were slightly injured in rear and from the position of the injuries and their own statements it would appear without doubt that the explosives were placed either under the table or hidden by the settee. This coincides with the statements of certain Japanese, the orchestra and ballroom staff.

Mr. Gikema, D.O. "A" Division attended the scene of crime and supervised investigations, later making arrangements with the J.N.I.P. for officers of the F.P. Bureau to make finger print examination and photographs of the scene.

D.I. Evans, A.I. Section, was informed but was unable to attend owing to sickness.

The scene of crime is now under Police and Naval guard pending further investigations and search on 2.3.1942.

Further enquiries proceeding, further report in due course.
